

Poster Display Submission

Poster submissions are accepted on the basis that they are a voluntary presentation.

Our conference theme '**Take the Reins to keep on track with the fast pace of infusion therapy**'.

Infusion therapy and technology is rapidly evolving and often not without associated challenges. Our hope is that these challenges are identified and innovative solutions are generated to grow our knowledge and optimise patient outcomes. Conference provides an opportunity to network and share your work and experiences with others who are similar minded and share a passion and commitment to excellence in infusion practice.

Poster presentation information

- Posters must not be bigger than 1m x 1m in dimension and able to be easily attached to display panels.
- Each poster should bear the full title of the corresponding abstract and the name(s) of the author(s) with their affiliation.
- Your poster should be a good advertisement for your paper and only contain the essence of it.
- The poster should be readable from a distance of 1.5m.
- Printed text should be not less than 6mm high.
